

April 9, 1974

CLERK: Now, Mr. President, I move to return LB 982 to Select File, signed by Senator Waldron. We will now have a motion by Senator Waldron who is absent. Mr. President, I move to return LB 1054 to Select File for specific amendments, signed Senator Stahmer.

PRESIDENT: The Chair recognizes Senator Stahmer for his motion.

SENATOR STAHMER: In order to expedite this Bill, Mr. President, I ask that all of my motions on 1054 be withdrawn.

PRESIDENT: So ordered.

CLERK: Mr. President, I move to return LB 94 to Select File. I suppose it has to be unbracketed first. We have a series of motions. All by Senator Stahmer, I guess. I move to unbracket 94, signed Senator Stahmer.

PRESIDENT: Alright, Senator Stahmer's motion to unbracket.

SENATOR STAHMER: Mr. President, I was going to use this for another purpose. Now, Senator Snyder wants to and it is his bill. He wants to use it as it was originally drafted or modified therein. I just merely asked to unbracket it and Senator Snyder will carry the bill.

PRESIDENT: Alright, is there any further discussion before we unbracket the bill? Are there any objections to unbracketing the bill? Any objections to unbracketing LB 94 for final reading? Any objections? Hearing none, so ordered then, the bill is unbracketed and over to you Senator Snyder.

CLERK: Read Section 1. Page 1569 of April 9, 1974 Journal.

PRESIDENT: Senator Snyder.

SENATOR SNYDER: Mr. President, and members of the Legislature, this was an amendment which was prepared for the Capital Construction Bill, LB 1055; at our late session of last Wednesday, I agreed to let the bill go on by and then use LB 94 which was originally drafted and introduced dealing with the athletic improvements at the University of Nebraska-Omaha. The amendment is signed by 15 members of the Douglas-Sarpy County delegation. It provides for 5,000 seats; there are no seats on the east side of our campus stadium and then the dressing room and toilet facilities and the concession facilities - some renovation of the pressbox and to waterproof the area. Also, it is to provide for a coaches' office and a meeting room in the area beneath the already existing stands on the west side of the stadium. The amount as stated by the Clerk in the motion, three hundred fifty-three thousand five hundred dollars, would greatly aid our program, to say the least. As I mentioned, we have all the signatures of the Douglas-Sarpy County Senators and unless there are some questions, I will let the others speak toward this.

PRESIDENT: Senator Simpson?

SENATOR SIMPSON: Mr. President, and members of the Legislature, remember back last year, we came forward in the last days of the Session and asked for some improvements for the UNO in their athletic facilities. I caught alot of heck because I supported this and I felt rightly so, but it did break open the Capital Construction Bill and a zillion things went on there and then some things came off that were pretty dear in Lincoln and were not repassed. So, it did turn out not to the best.
